Students Feedback about the Industrial Visit

Name: RAJENDRA T (USN:-1GV15ME025)

Bill Forge - Industrial visit to bill auto forge was one of the best industrial visit we ever had, we got a chance to understand different process carried out in there company like forging, machining, inspection etc. What amazed us was the level of automation there. Bill Forge undertakes activities of cold forging, warm forging and hot forging, as well as machining and other supporting activities. Hari credits Bill Forge as being one of the very few companies that carries out complex and diverse forging activities. Individual focus on each area of forging has made the company bring in the latest manufacturing techniques and machinery into each of these areas

Name - SURENDAR P (USN:-1GV13ME014)

Visit to Bill Forge gave me a idea on mechanical engineering concepts and their applications and it also helped me a lot in gaining a more knowledge about the industries. Further the work flow model of each company is studied and it helped me to gain knowledge on production, marketing and quality field.
