

## Department of Placements and Training

### CIRCULAR

Ref: //Dr.TTIT/2017-18/123

Date: 02.05.2018

We are happy to share that the 2018 batch students registered with cocubes are eligible to participate in “**SEG Automotive**” drive for “**Graduate Apprentice**” position.

#### **Company Profile:**

SEG was formerly known as **Robert Bosch** Starter Motors Generators India Private Limited, a part of Bosch limited since 1989, now has separated from Bosch and established as “SEG Automotive”. SEG Global has its presence in 14 countries around the world with more than 8,000 employees with a turnover of € 1.74 b. SEG Global enjoys a leading position and trust with all its customers through its best in class quality products and services.

SEG Automotive India Private Limited (SGIN) is involved in manufacturing and sales of automotive Starter Motors and Generators and is headquartered at Naganathapura, Bangalore with Manufacturing, Research and Development operations. In addition to Naganathapura, SEG Automotive India has its production plants in Hassan and Chennai. It also has its sales office in Pune and Delhi to cater our OEM customers based at Western and Northern region. SEG Automotive India caters to both domestic and global market requirements. It has an extensive range of high performance Starter Motors and Generators in its portfolio, for passenger cars, 3-wheelers, commercial vehicles, tractors and stationary engines segments. It develops and produces innovative and technically advanced products that contribute towards noticeable reduction in fuel consumption and CO2 emissions supporting the OEMs to achieve fuel efficiency targets specified by legislation. The highly experienced local R&D team, with in-depth understanding of the Indian market requirements offers the tailor made products befitting the challenging application requirements.
