Date: 29.05.2018

We are happy to share that the 2018 batch students are eligible to participate in **“UST Global”** drive for **“Sr. Software Developer”** position.

Company Profile:

UST Global is a leading digital technology services company that provides powerful solutions for Global 1000 companies. UST Global's mission is to lead companies through critical digital transformations to drive higher business value. UST Global specializes in six next generation digital services – design, cyber security, mobile, social, analytics and cloud. Powered by the mantra 'fewer clients, more attention', UST Global strives for excellence in providing their clients high quality services and a commitment to long-term success. Headquartered in Aliso Viejo, California, UST Global has over 17,000 associates; operating in 25 countries across four continents, and including 4 key centers in India.

Talent Management forms an integral part of the company's strategy. The 'Digital Alpha' program is a key initiative, to induct fresh technical graduates into the company, specifically for cutting edge Digital skills and job roles.

This program is carved to prepare and deploy talented freshers with Digital skills and mindset, through a specially designed process of selection, training, assessment and deployment. The graduates of this program enjoy a superior remuneration package, performance recognition and growth opportunities. They are provided with an environment to demonstrate their higher capabilities and acumen. Freshers hired through this program will be playing a key role in the design, installation, testing and maintenance of software systems. The programs you create will help the company to provide a better service to its customers.

The 'Digital Alpha' program and its graduates are monitored by the leadership team, and is a key contributor to building the Digital business for the organization.
