

DEPARTMENT OF CIVIL ENGINEERING

SHILANYAS 2017-18

PRESIDENT MESSAGE

From the three decades, Dr. TTIT has been serving many young engineering aspirants of our country. Today, I am extremely happy to release the 2nd edition of our newsletter . I am confident that the editorial team has covered all the recent happenings in the campus. Our institution provides ample opportunities for the students to acquire both technical and life coping skills which would enable them to empower themselves as usual citizens. We provide enough scope for them to develop their overall personality, both in curricular and extra-curricular activities.. I wish all the students to excel in all fields and make their parents, Institutions and nation proud.

FROM PRINCIPAL DESK

I am happy to know the release of second edition of SHILANYAS. The second edition of the department newsletter has seen a good response from students and staff. I wish this newsletter will also bring the same kind of response and wish its editorial team all success

ABOUT THE DEPARTMENT

Civil Engineering Department was started in the year 2014 with an intake of 30 students for Under Graduate (B.E) program and is affiliated to Visvesvaraya Technological University (VTU), Belgaum. The department has grown into a full-fledged department with specializations in all the major areas of Civil Engineering. The department is well equipped with the state-of-the-art laboratories, class rooms, well staked library and is supplemented with Wi-Fi facility. As part of the academic plan, the department conducts International conferences, National conferences, Faculty Development Programs, Guest lectures, Seminars, Inplant training, Industrial visit and Internship training for student's development , organized with industrial partnerships. The Department is striving to foster a strong partnership with the industry to ensure relevancy in curriculum and prepare our graduates for the market challenges of today and beyond.

VISION OF THE DEPARTMENT

To be a centre of excellence by putting every effort for improvement in education and undertaking research as well as to contribute to the technology for the infrastructure development leading to sustainable growth of the society

MISSION OF THE DEPARTMENT

To provide quality education for successful career in Civil Engineering that emphasizes academic and technical excellence in profession, research, effective communication, team work and leadership to meet the challenges of the society.

Program Educational Objectives (PEO's)

PEO 1: To train the students so that they can work and contribute to the infrastructure development projects being undertaken by Govt. to private sector companies.

PEO 2: To train students to pursue higher studies and contribute to the teaching profession/ research and development of civil engineering and other fields.

PEO 3: To train students to function effectively in the multicultural, multidisciplinary and multiethnic groups for the sustainable development and growth of civil engineering projects and profession.

Program Specific Outcomes (PSO's)

1.Understanding

Graduates shall demonstrate sound knowledge in analysis, design, laboratory investigations and construction aspects of civil engineering infrastructure, along with good foundation in mathematics, basic sciences and technical communication.

2.BroadnessandDiversity

Graduates will have a broad understanding of economical, environmental, societal, health and safety factors involved in infrastructural development, and shall demonstrate ability to function within multidisciplinary teams with competence in modern tool usage

3.Self-LearningandService

Graduates will be motivated for continuous self-learning in engineering practice and/or pursue research in advanced areas of civil engineering in order to offer engineering services to the society, ethically and responsibly.
