About the Institute

Dr. T. Thimmaiah Institute of Technology (Formerly Known as Golden Valley Institute of Technology - GVIT) was started in the year 1986 at Kolar Gold Fields by Dr. T. Thimmaiah, Ph.D. (London), IAS (Retired), as the founder President under the aegis of Golden Valley Educational Trust, with the sole purpose of imparting quality technical education.

Dr. T. Thimmaiah Institute of Technology is affiliated to Visvesvaraya Technological University (VTU) - Belagavi, Karnataka and is approved by the All India Council for Technical Education (AICTE) - New Delhi, and at present offers Degree Courses in Engineering as given below. It has under graduate courses in Mechanical Engineering, Electrical & Electronics Engineering, Mining Engineering, Electronics & Communication Engineering, Computer Science & Engineering and Civil Engineering.

About ECE Dept

The Department of Electronics and Communication Engineering was started in the year 1993 with the idea of equipping young people with the necessary technical knowledge and professional skills needed to address the challenges in the rapidly growing field of ECE and promoting research in this area headed by Prof. Vijaya Bharathi. The department is a dynamic and vibrant department with 14 highly qualified, experienced and dedicated faculty members. The department meets the growing requirement of practical design engineers in the country and abroad. The curriculum lays greater emphasis on design principles and development of communication models, signal processing, image processing, embedded systems and VLSI. The young, dynamic and dedicated faculty members have succeeded in establishing the highest standards of coaching the students and to equip them to face the future with confidence. The department is also successful in achieving VTU ranks.

About Dr. TTIT's IIC Cell

Dr. TTIT had undertaken various activities prescribed by Innovation Cell, Govt. of India, to promote Innovation and startup in the campus and was awarded the 4-Star Certificate of excellence during the calendar year 2020-2021

About the FDP

This FDP is designed to train faculty in entrepreneurship development in guiding and motivating young professionals to take up prototype design and entrepreneurship as a career in promoting national economic and social growth.
